

Class 2 blog June 2017.

We have been very busy over the last few weeks.

Earlier this week, we performed our class assembly to our parents. We did it very well and the parents were very happy. At the end of the assembly we performed a medieval dance.

We have drawn castles on the computer and we have written a job advert to apply for the role of a page.

To have the experience of living in a castle we spent the day at Warwick Castle. We had a good look around and we had a really fun time. The best bit was putting our teacher Mrs Burnett in the stocks! We had a really great day!
